Professional Steam Ironing System

Warranty: 2 Years Parts & Labour

PIB 100 Steam Ironing System

Active ironing board - Inflation and suction functions ensure excellent steam application

Non-stick soleplate - Sequins, prints, delicate fabrics, and dark items are all ironed without creating shiny patches

Patented 1-2 lift system - Ready to use in no time thanks to 1-2 lift system

Floor-friendly rollers - The steam ironing system can be transported effortlessly

Ironing board with ComfortZone - The front half of a shirt or overalls can be ironed without repositioning the garment

Storage compartments - Everything can be tidied away in storage compartments for the iron and accessories

CoolDown function - When the iron is not in use it switches off automatically after 3 minutes

Auto-off function - When the iron or steamer are not used for 25 minutes, the entire system switches off

High-quality ironing board cover - The durable cover allows a lot of steam to penetrate and holds fabric firmly in place

Steam hose holder - The steam hose can be attached to the holder rubber ring for more convenient ironing

Long descaling interval - A special internal Carbon coating ensures long descaling intervals

Steamer available as an option - The powerful steamer is easy to handle: garments on hangers, like dresses, jackets and curtains, are gently smoothed and refreshed
