CR5

Ice Crusher
5kg / minute capacity - 5kg storage bin

General Information

The CR Series ice crusher is a space saving, compact solution for venues that have a need for crushed ice. Cocktails, food presentation and preservation are some of its many uses.

The CR series are also useful for sports injuries as well as physiotherapy applications.

The CR3 and CR5 are fitted with a heavy duty and durable stainless steel crushing mechanism which delivers crushed ice in seconds.

The heavy duty CR series are capable of delivering up to 300kg of crushed ice per hour.

Key Features

Construction

Available Options
