Electronic Glasswasher - Gravity Drain
350mm basket

General Information

EV A new range of glass and dishwashers by Prodis. Designed from the ground up to be user friendly, energy efficient, intelligent and hygienic.

User friendly, intuitive and informative. The large LED control panel features a bright colour coded display with easy to read illuminated buttons. This allows for easy operation and makes staff training effortless due to its simplicity.

Combining years of research and development the **EV-CLEAN** delivers the perfect result every time. The **EV** wash tank is designed without any obstruction to allow for effortless cleaning. Filters, rack guides and wash arms are ergonomically profiled to allow for easy access and removal. The innovative system automatically cleans the wash tank whenever the unit is switched off making sure your **EV** is ready for use the next day with minimal effort.

Our advanced **EV-FILTER** technology has been developed to keep both small and large dirt particles out of the wash system, delivering excellent results while keeping the components clean. The **EV-FILTER** can be completely disassembled by the end user without the use of tools to make daily cleaning and maintenance easy.

Key Features

- Simple one touch operation
- Easy to understand intuitive control panel
- Bright LED display suitable for use in even the darkest environments
- Two stage micro particulate primary pump filter
- 1,2,34 & 10 minute wash cycles
- Removable guide racks for easy cleaning
- Rinseaid & detergent injectors
- Gravity drain
- Soft start wash pump
- Automatic clean down cycle
- Intelligent self diagnostics
- Adjustable wash and rinse tank temperatures
- Optional 85°C rinse tank interlock

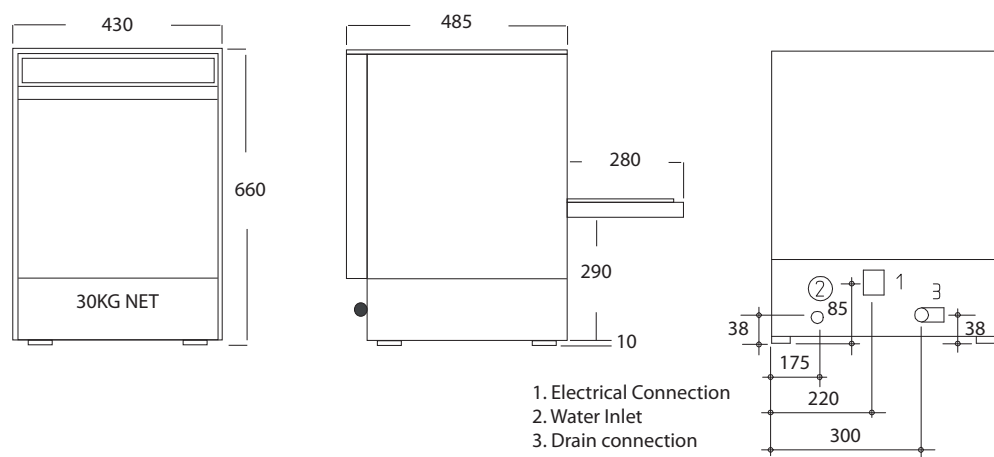

Construction

- Stainless steel construction
- Waterproof LED control panel
- Robust lightweight composite wash & rinse arms
- Hygienic rounded wash tank

Available Options

- External water softener
- External rinse boost pump
- Multifit stand

Technical Data	
Model	EV35G
External Dimensions	Width = 430 Depth = 485 Height = 660
Wash Cycle	1,2,3,4 & 10 minutes
Basket size	350 x 350mm
Internal clearance / Maximum loading height	220mm
Automatic rinseaid injector	✓
Automatic detergent injector	✓
Wash tank temperature	55°c adjustable
Rinse tank temperature	82°c adjustable
Rinse tank heating element	2400w
Wash tank heating element	2000w
Total power supply	2500w
Wash pump power	200w
Wash tank capacity	9 litres
Rinse tank capacity	3 litres
Water inlet	3/4 BSP
Drain outlet	28mm
Drain system	Gravity
Weight	30kg
