

HOT DOG RANGE

VIZU HD2 HOT DOG GRILL

- Incorporate a constant, easily read visual display of the grill plate temperature.
- A unique heat'n'hold operation allows hot dogs, frankfurters and the like to be held at optimum temperature with little or no deterioration in appearance or taste for several hours.
- Simply load, heat & serve!
- Only suitable for pre-cooked meat products, such as hot dogs & frankfurters – not British type uncooked sausages.
- Anodised cooking surface for quality even heating surface
- Stainless steel grid construction for easy cleaning
- Temperature display located on front for easy temp checks
- Optional clear cover available
- Slow moving oscillating moving produces little or no noise
- Easy to load and remove hot dogs during operation
- Easy to maintain
